

History on Tour

A Polish-German summer journey
from Krzyzowa to Berlin

31.07.-10.08.2022

The Polish village of Krzyzowa (Kreisau) is one of the most important places connected to resistance against the Nazi regime in Germany. It is the place where the Kreisau Circle, a resistance group of intellectuals, dissidents and political activists was formed, many of its members paid their commitment with their lives.

History on tour is a Polish-German youth encounter about history and remembrance. We will visit historical places in Krzyzowa, Wroclaw and Berlin, learn about the Second World War in Poland and Germany and discuss our thoughts and impressions.

We will also spend a great time together – enjoying the peaceful countryside of Krzyzowa, discover interesting places in Wroclaw and Berlin and get to meet new friends. Join us on an exciting trip through history!
